February 2015

PRASAD GROUP

cordially invites

you to visit

Hall: 5, Stall: B 4

PLASTINDIA 2015
EXPANDING HORIZONS

9th International Plastics Exhibition & Conference

Feb. 5th - 10th, 2015

Timing : 10.00 am to 6.00 pm

**Gandhinagar,
Gujarat.**

Dear Friends,
Greetings!

The Indian plastic industry is making significant contribution to the economic development and growth of various key sectors in the country like Automotive, Agriculture, Infrastructure, Healthcare, FMCG, etc.

On the other side, the industry faces environmental myths and lacks in technology. Going ahead, recycling and reuse of plastics could be a foremost step towards encouraging innovation and sustainability. The industry can jointly increase awareness through the help of plastic institutions, associations, NGOs and simultaneously, the Government could also address some of these challenges.

We have the right opportunity to look forward on growth and challenges at Plastindia, 2015 exhibition. We are enthusiastic about showcasing our "MAKE IN INDIA" extensive portfolio and our innovative technologies as part of Plastindia, 2015.

With Plastindia, 2015 exhibition being held in our home town, we also invite you to plan your visit at our India's first world class infrastructure for auxiliary equipments and solution.

We look forward to meeting you.

Thanking you,

Prakash Shah

Chairman

Technology display by PRASAD at Plastindia 2015

Alfa series efficient De-humidified dryer with variable flow and monitored dew point, Central conveying system, Modular gravimetric dosing system.

Chilling plants, Air chillers, Mould sweat protectors, Mould temperature controllers, Water filtration system.

eDesign high speed servo robot system with flexible and extremely easy to learn programming system in live demonstration.

Conveyor belts for various products on injection moulding and Blow moulding machine.

Slow speed dust free and Patented IMD series Granulator with integrated metal detection circuit to protect the cutter.

New launch of medium speed Granulator model 200-36 with open hearted concept.

Powder conveying system

Inspiration...

"Strength does not come from physical capacity. It comes from an indomitable will."
- Mahatma Gandhi

"The time is always right to do what is right."
- Martin Luther King, Jr.

"The greatest religion is to be true to your own nature. Have faith in yourselves."
- Swami Vivekananda

Prasad Solutions **live** to be displayed
at **Plastindia, 2015**
with following reputed machinery manufacturers

whenever you see orange, think of us

Proud Association - SHRINATH ROTOPACK PVT. LTD.

Adding value to your Creation

The Shree Group of Industries (Hyderabad) is a leading family owned industrial group in India, with diverse business operations in Flexible Packaging, Master Batches, Poly bags, Stretch and Specialty Films, Laminated Woven Sack & Pharmaceutical products.

The group established in 1974 and generating employment for over 1000 people.

The group Sales at US\$ 100 million across 70 countries. It has wide plans for expansion and acquired 40 Acres of new land.

Mr. Naresh Rathi

Mr. Manish Rathi

Our relationship with Prasad Group is since 2007.

We were looking for the right partner who could offer us world class technology in Material Handling and Chilling Plants.

Today our state-of-the-art Multi Layer Blown Film Manufacturing Plant is equipped with Multi Components Multi Recipe (OCTOPUS) Gravimetric Dosing System, Silo Feeding System and Chilling Plants supplied by Prasad Group.

The performance of entire Material Handling and SCADA (centralized computer control) as well as Chilling Plant is excellent which has helped us to produce very high quality films, eliminating wastage, reducing labour and maintaining a neat & clean work environment.

We are proud to be associated with Prasad Group and appreciate their efforts and support for the satisfactory execution of Material Handling System and Chilling Plants at various locations of our group companies.

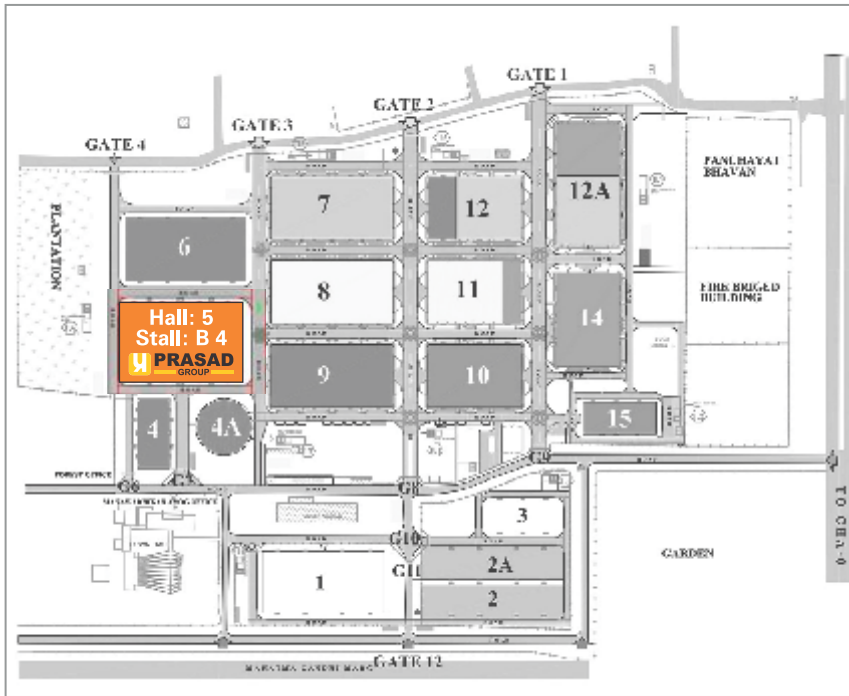

We would like to have such long association with Prasad Group in all our future ventures.

Thanking you,

Mr. Naresh Rathi - Managing Director

Mr. Manish Rathi - Director
